Dear Mr. Petrovic,

Thank you for your e-mail in which you inform us of the citizens' initiative for building a park in Block 19a in Novi Beograd.

Let me first congratulate you for establishing the Citizens' Association "My own city" and express my appreciation for the work that you have already done.

I would like to reassure you of our support to this initiative aiming to improve the well-being of the residents of this residential area by creating favourable conditions for leisure and recreation activities, safety of the people and their property, as well as improved air quality and parking facilities.

I would like to suggest you to visit our Delegation in Serbia, which is actually situated very close to the Block 19a, in order to discuss also with our experts there what are the possibilities and the ways of support that the EU could provide to this initiative.

Let me wish you all success with the project!

Myriam Ferran
